Fortieth Annual Mayor's Dinner Rescheduled Date Announced

Speak Up Newport President Edward Selich announced today that the Fortieth Annual Mayor's Dinner has been rescheduled to May 19, 2022.

For forty years Speak Up Newport (SUN), in addition to sponsoring the Mayor's Dinner, has been the premier organization for community discussion of civic issues relevant to the residential and business community. Speak Up Newport strives to present all issues in a fair and balanced format, by not taking positions and letting those that attend make up their own mind. SUN strives to be informative and relevant. Over the years SUN has presented programs on every area of community concern from elected officials to land use and political issues to environmental, education and historical issues.

Every two years SUN sponsors a candidate's forum for City Council elections. In addition, SUN also sponsors annual scholarships to local high school seniors.

While reaching this forty-year milestone is an accomplishment SUN still strives to continue to improve the quality of all its programs and continue to educate and inform residents and businesses in the city.

The rescheduled dinner will be held at Newport Beach's newest hotel, VEA Newport Beach (formerly the Newport Beach Marriott). In addition to attending the Mayor's Dinner this will be an early opportunity to experience this reimagined hotel and all that it has to offer.

Although it is occurring later than normal the Speak Up Newport Board felt it was important to continue the tradition of the Mayor's Dinner and not cancel it again this year.

The Speak Up Newport Mayor's Website

<http://www.speakupnewport.com/mayors-dinner-2022/> will have updates on the rescheduled dinner.

Contact:
Edward Selich
SUN Board President

Email: edselich@roadrunner.com

The rescheduled event will have all the traditional elements of the Mayor's Dinner and will remain as in past years, including Mayor Kevin Muldoon giving a State of the City Address.

Please purchase tickets and underwriters tables here:
