COYOTES IN NEWPORT! How to Keep Yourself and Your Pets Safe?

Have you noticed that, as our community grows, the number of coyotes seen on our city streets seems also to have increased? There are many factors contributing to why the coyote population has become more visible and brazen.

We will have a Newport Beach Police Animal Control Officer and a Fish and Wildlife Officer speak about the steps law enforcement is taking to keep our community safe and how citizens can help in these efforts. Come hear the latest on how to safely deal with this issue and what our city and county are doing about it! Questions and answers follow the presentation.

You don't want to miss this program! Come with your questions.
