The Future of Dredging Newport Harbor

Dredging Newport Harbor is a top priority for the City. Certain dredged material cannot be disposed of as traditionally is done and is being proposed to be buried in the harbor bottom. Is this a dangerous or a logical and safe method to deal with this dredged material?

- What is a “Confined Aquatic Disposal” (CAD) Site?
- Where is it proposed to be located?
- How will it affect residents?
- How will it affect harbor users?
- Where will the funding come from?
- How long will it take?
- Which areas of the harbor are going to be dredged?
- What other harbor dredging projects are being contemplated?
- Hear all this and more from the featured speaker: Dave Webb, the City’s Public Works Director.

FEATURED SPEAKER

Dave Webb

5:15 – 6:00 pm – Reception hosted by The Bungalow Restaurant

6:00 – 7:00 pm – Program and Q&A

Civic Center Community Room

100 Civic Center Drive, Newport Beach, CA 92660

Please bring your neighbors and friends—guests are always welcome!

No charge to attend. Reservations are not necessary.
