

Newport Beach City Manager Update

The City Council annually has a goal setting session where they discuss and set the goals for the coming year. However, the City Manager and staff are responsible for implementing them. The City Council can set goals but it takes a professional staff to carry them out.

Come hear Grace Leung, Newport Beach City Manager, tell in detail how she will implement the City's 2023 goals and priorities as well as the City's 2023 financial situation. There will be an opportunity to ask Grace questions at the meeting or by submitting questions in advance.

If you have a question you would like to ask the speaker, please send it to:
